

Call for Papers
44th ACM Southeast Conference (ACMSE 2006)
March 10-12, 2006
Melbourne, Florida, U.S.A.
<http://acmse2006.cs.fit.edu>

Important Dates

Paper submission: Nov 20, 2005

Poster submission: Dec 11, 2005

Notification: Jan 9, 2006

Camera-ready: Jan 23, 2006

Conference Chair

Ronaldo Menezes, Florida Tech
rmenezes@cs.fit.edu

Program Chair

Eraldo Ribeiro, Florida Tech
eribeiro@cs.fit.edu

Student Program Chair

William Allen, Florida Tech
wallen@cs.fit.edu

Publications Chair

Marius Silaghi, Florida Tech
msilaghi@cs.fit.edu

Tutorials Chair

Cem Kaner, Florida Tech
kaner@cs.fit.edu

Local Arrangements Chair

Ryan Stansifer, Florida Tech
ryan@cs.fit.edu

Publicity Chair

William Shoaff, Florida Tech
wds@cs.fit.edu

Exhibits Chair

Mario Guimaraes, Kennesaw State
mguimara@kennesaw.edu

Treasurer

Hisham Haddad, Kennesaw State
hhaddad@kennesaw.edu

Webmaster

Aurelien Bottazini, Florida Tech
aurelien@bottazini.com

Steering Committee

Joe Turner, Clemson University
James Cross, Auburn University
David Feinstein, Univ. South Alabama
Kim King, Georgia State University
Rainy Little, Mississippi State Univ.
Allen Parrish, Univ. of Alabama
Mladen Vouk, NC State University

The oldest continuously running annual conference of the ACM invites papers in all areas of computer science as well as in two theme areas: Intelligent Systems and Biologically Inspired Computing. ACMSE provides an excellent forum for both faculty and students to present their research in a friendly and dynamic atmosphere. Please consider submitting an original paper in one of the categories described below. All submissions will be peer-reviewed.

- **Regular Papers** – researchers may submit a paper of up to 6 pages in length for presentation at the conference. Accepted papers will be included in the conference proceedings and will also be considered for the Best Paper award.
- **Student Papers** – students (as sole authors) may submit a paper of up to 6 pages in length for presentation at the conference. Student submissions will be reviewed by the Program Committee and accepted papers will be included in the conference proceedings and will also be considered for the Best Student Paper award.
- **Faculty Posters** – submit an extended abstract (2 page maximum) describing work in progress or preliminary results for consideration for the Faculty Poster session. Submissions will be reviewed by the Program Committee and accepted abstracts will be included in the conference proceedings.
- **Student Posters** – students (as sole authors) may submit an extended abstract (2 page maximum) describing work in progress or preliminary results for consideration for the Student Poster session. Submissions will be reviewed by the Program Committee and accepted abstracts will be included in the conference proceedings.

Submission

All paper and poster submissions must be prepared for blind review and should not contain references to author name(s), home institution(s) or other identifying information (including self-references). All proposals should be submitted electronically through the conference web site (<http://acmse2006.cs.fit.edu>) in either PDF, Postscript or Microsoft Word format. Submitted papers must follow the publication style for ACM SIG proceedings (2 column, 9 point Times Roman, etc). Templates and examples can be found at <http://www.acm.org/sigs/pubs/proceed/template.html>.

Regular and Student papers must not exceed 6 pages in length, when formatted correctly, including references and figures.

Extended abstracts submitted for inclusion in the Poster sessions must not exceed 2 pages in length, when formatted correctly, including references and figures. They should include sections describing the Problem and Motivation, Background and Related Work, Approach and Uniqueness and Results and Contributions. An award for Best Poster will be presented, based on a vote by attendees at the Poster Sessions.

The conference proceedings will include accepted regular and student papers, extended abstracts for faculty and student posters and abstracts of tutorial sessions.

ACMSE 2006 is hosted by the Computer Sciences Department of the Florida Institute of Technology in Melbourne, Florida, U.S.A. The City of Melbourne is located on Florida's Space Coast, about 1 hour's drive south of the Kennedy Space Center and 1 ½ hours east of Orlando, Disney World and Universal Studios. The Melbourne International Airport has direct flights to Atlanta and several cities in Florida.
